TWELVE PAGES—FIVE CENTS

Postal Workers Get Pay Raise

Ike Signs Bill Giving 8% Hike

WASHINGTON (AP)—President Eisenhower's signature Friday brought final approval of an average 8 per cent pay increase for half a million postal workers, ending months of squabbling over the issue.

The approved bill may set the pattern for a similar pay hike for a million classified Civil Service workers. Their bill is now pending in a House committee.

The President, who vetoed two postal pay hikes over the past 10 months, called the final act "the greatest forward step for our postal employees in more than a century."

Annual increases will range from \$160 to \$4,400, with the average about \$320.

Postmaster General Summerfield immediately announced a 6 per cent increase for all postal workers will take effect in paychecks for the period beginning June 16....

Lump sum payments for the retroactive feature of the pay hike, which goes back to March 1, will be handed out July 15.

In addition to the general 6 per cent boost, the bill provides for a broad reshuffling of postal job classifications. This amounts to an extra 2 per cent pay hike on the average, although the increase will be much more than that for some workers, especially supervisory employees.

The reclassification increases will take effect next December.

Altogether, the bill will cost the government about 164 million dollars a year, assuming adding that amount to the chronic postal deficit which totaled 400 millions over the last full financial year.

The retroactive payments will amount to 40 million dollars. Late in its 1954 session, Congress approved a 5 per cent postal pay increase but Eisenhower vetoed it because the plan failed to include his request for an increase in postal rates, including a boost from 3 cents to 4 cents for a first class stamp.

This year, Eisenhower dropped his stand that a rate increase must accompany a pay boost, although he is still urging the rate increase. Congress, led largely by Democrats, pushed through an average 8.8 per cent pay hike, much more than Eisenhower asked.

The President vetoed this second bill because he said it was too costly and left inequities in pay grades.

Congress then quickly and almost unanimously whipped through the bill which Eisenhower signed today. It goes much toward meeting administration proposals for job reclassifications, with bigger raises for top positions.

Parliament Deals Adenauer Set Back On Rearmament Bill

BONN, Germany (P)—The West German Parliament balked Friday at rearmament measures, charging the government was acting with "undignified haste." It was a startling setback for Chancellor Konrad Adenauer on the eve of his top-level talks with Western statesmen.

The Bundestag—upper house—refused to give immediate support to a government bill to put the first volunteer West German soldiers into uniform this summer.

845-Million Bushel Wheat Crop Predicted

WASHINGTON (P)—A wheat crop of 845-million bushels for 1955—the smallest since 1943—was forecast Friday by the Agriculture Department. This is 13 per cent under last year's production of 940 million bushels and 27 per cent less than average.

At the same time, the department said that soaking general rains and better growing weather in late May over much of the nation have improved the general crop production outlook for this year.

No estimates were given on corn production but the department said planting in the main corn belt states such as Iowa, Illinois, Indiana, Ohio and Minnesota has been nearly completed at an unusually early date.

Rye prospects dropped about 12 per cent during the past month as dry weather damage continued into May, but the expected yield of some 25 million bushels is still about a fourth larger than average.

Hay crops were held back in some areas, pastures have been slow, but milk production in May again reached record totals, showing a gain of 1 per cent above May, 1954 and 6 per cent above average for the month.

The 1955 peach crop is forecast at 48,025,000 bushels. This is 22 per cent under last year and 33 per cent below average. The short crop is due mainly to a near failure in the southern states.

CHARGE WOMAN MURDERED HUSBAND WITH 'EMPTY GUN'

CHICAGO (P)—A murder charge was filed Friday night against a young woman whose husband was shot to death with a gun she said she believed empty.

Asst. State's Atty. Irwin Bloch ordered the charge against Mrs. Helen Johnson, 29, after, he said, she failed a lie detector test. She was held for arraignment Saturday.

Earlier Friday, a coroner's jury reported it was unable to determine whether the fatal shooting of Oliver C. Johnson, 31-year-old grocer, was "murder, manslaughter or accidental."

U. S. Will Help Rearm Austria, Dulles Reveals

WASHINGTON (P)—The United States expects to help rear Austria, which recently won an independence treaty, Secretary of State Dulles disclosed Friday.

He told the Senate Foreign Relations Committee that if aid is requested by Austria, "and we think it probably will be, we will give some assistance to Austria in equipping the forces allowed by the treaty."

The pact bars Austria from possessing atomic weapons or other mass destruction weapons, although it places no limit on the size of her army.

Austria has vowed to remain neutral as between Russia and Western nations, but officials here said such arms aid as is contemplated would be no violation of treaty obligations.

Dulles went before the Foreign Relations group to appeal for speedy approval of the new Austrian treaty. The treaty, signed May 15 after nearly 10 years of delay by Russia, "may open the way to further cooperation to fulfill other wartime pledges" by the Soviet Union, he said.

One major wartime agreement was reached in February 1945, at Yalta, when Russia agreed to free elections in Eastern European nations.

Wingless Airship Fails To Take Off; Maker Undaunted

EMPORIA, Va. (P)—A shimmying nose wheel disrupted plans for the initial flight of a wingless airship Friday but failed to shake the faith of its amateur inventor that the revolutionary gadget will fly.

For Charles Pritchard, an undaunted railroad gang foreman, it simply meant a delay of "10 days or two weeks" while he fixed the shake in the front wheel of the ship's tricycle landing gear.

"I'm still convinced," he said, "that my ship will fly."

A crowd of nearly 1,500 gathered at Emporia airport early Friday to watch as the strange-looking, octagonal ship made its first attempt to leave the ground. Pritchard made three preliminary runs to get the feel of his unusual craft. The first was just a taxi ride at about 10 miles an hour. He stepped it up to about 20 on the second run out the ship seemed improperly trimmed and the tail dragged. He encountered the same trouble on the third run at about 30 miles an hour.

US Strong Enough To Defeat Reds, Gruenther Claims

WASHINGTON (P)—Gen. Alfred M. Gruenther said Friday the West is militarily strong enough "as of today" to defeat any possible Soviet aggression.

Therefore it need not be stampeded into a bad settlement of East-West tensions, the North Atlantic Treaty Organization supreme commander said.

"It would be nothing less than catastrophic for our negotiators to go to the conference table thinking they have to have a solution this year," he said.

Carefully spelling out the basis for his conclusions, Gruenther made it plain that he considers Western superiority in long-range airpower the decisive factor at the moment—but that this situation may not necessarily last.

He took cognizance also of the current argument over recent disclosures of Soviet advances in military aviation, and said he has never asserted that the United States is ahead of Russia, in overall air capacity. Gruenther also said he is not contending that "we can win a war with air power alone."

"I do say," he went on, "we cannot win a war without air power."

... AND IT WASN'T APRIL FOOL'S DAY

CHICAGO (P)—A railroad mail clerk came across a package today that not only ticked ominously, like maybe a time bomb, but also rang at nerve-shattering intervals.

The clerk summoned a post office inspector. The inspector sent for the police bomb squad.

Sgt. Drew Brown and Frank Grady Jr., took the package to an open space in the Adler Planetarium parking lot and carefully cut it open.

They found a battery-operated intercommunication system, ticking away peacefully and sometimes ringing its bell.

They rewrapped the package and mailed it along to Jerry Nelson, 22 Fourth St. N. E., Washington, who was expecting it from Morris J. Nelson of Ripon, Wis.

Reveal Discord Between Agencies Fighting Polio

COMMANDER A-SUB — Commander Richard Lanning, captain of the "Seawolf", second atomic-powered submarine which will be launched at Groton, Conn., on July 21, takes a close-up look at a trim model of the sub. Lanning, a 1940 Annapolis graduate, is at the Knolls Atomic Power Laboratory in Schenectady, where he is studying the atomic reactor that will provide power for his ship.

UAW Ends Wildcat Strikes, Expect New General Motors Offer

DETROIT (AP)—The CIO United Auto Workers union stomped out the last of a dozen wildcat strikes at General Motors plants Friday and went back into contract talks with the company, openly expecting a new offer.

UAW Vice President John W. Livingston used an indirect means of expressing the union's anticipation.

Livingston was asked whether GM had yet come up with a second counterproposal to the union's demand for a guaranteed annual wage. He replied:

"You've heard the expression, 'the duke has arrived'.

Well, the duke is lurking in the shadows."

(No one among a battery of newsmen, public relations men and other company and union officials was familiar with the expression. But the implication was clear to all.)

General Motors and the union reported today that the last of the wildcats—at the Buick-Oldsmobile-Pontiac assembly plant at South Gate, Calif.—had been ended.

The company closed 20 assembly and body plants around the country today. The unauthorized stoppages though short-lived were blamed. About 60,000 workers were idled in all by the closings.

Production is expected to approach normal again by Monday—barring a companywide strike for lack of a contract.

The union's deadline for settlement, postponed from last Tuesday midnight, now is set for Sunday midnight.

But with that deadline only a little more than 48 hours away, nobody on either side seemed worried.

As he announced a five-day contract extension Tuesday, Livingston said he had every reason to believe that a peaceful settlement will be worked out. Since then negotiators from both the company and union have appeared optimistic and jovial.

Some sources felt that GM would have made a new offer before today had it not been for the series of wildcat strikes that plagued production of the industry's biggest producer most of the week. Nearly 41,000 GM workers were affected at the peak of the stoppages.

Illinois Takes Part In Nationwide Civil Defense Test, 'Operation Alert', Wednesday

CHICAGO (P)—Air raid sirens will wail throughout the state Wednesday when Illinois takes part in the nationwide civil defense "Operation Alert, 1955."

The test is designed to determine the ability of civil defense organizations to swing into action. Illinois' part in the test will open at 10:30 a.m. CDT when shortwave radio operators flash a test message to civil defense directors throughout the state.

They will report a large movement of unidentified aircraft heading south from the Canadian border toward Chicago and St. Louis.

At 11:03 a.m. sirens throughout the state will sound a steady blast of three to five minutes duration. In actual circumstances, this signal would alert the population to listen to civil defense radio announcements.

At 1:04 p.m. Federal authorities will transmit the Apple Jack (red) warning. Local air raid sirens then will sound a "take cover" signal.

Other Illinois cities may suddenly be designated as "last-minute" targets. Seven cities in the nation will not learn until the day of the exercise that they are on the make-believe bombing list. Possible Illinois targets, civil defense officials say, are East St. Louis, Peoria, Rockford, Decatur, Springfield or Rock Island.

Bombing attacks and other conditions established for the test will be theoretical and the general public will not participate. However, after each simulated bomb drop, Civil Air Patrol planes will track theoretical radioactive fallout.

The area of radioactive fall out from the St. Louis bomb will be assumed as affecting the counties of Madison, St. Clair, Marion, Jefferson, Edwards, Clinton, Washington, Wabash and Wayne.

The weather bureau also will issue forecasts on presumed fallout.

The exercise will end at 3 p.m. Thursday, June 16. The simulated events during the 26-hour test will represent a period of nine days.

Issue 'White Paper' On Manufacturing Tangle

WASHINGTON (AP)—Strained relations between two agencies battling polio showed up Friday after the Public Health Service issued its long-awaited "white paper" on difficulties encountered in manufacturing the Salk vaccine.

Basil O'Connor, president of the National Foundations for Infantile Paralysis, said in New York that although he had asked last month for the "courtesy" of seeing a copy of the white paper, he had not yet received one.

Judging from press reports of it, he hinted that it did not tell the whole story. It "obviously gives only the Public Health Service version of the vaccine situation to date," he said. "When the public has heard of Dr. Jonas E. Salk's version, it will be able to form an intelligent conclusion as to what has actually been transpiring."

The foundation headed by O'Connor devoted large sums collected in the March of Dimes to financing the development of the Salk vaccine, and O'Connor evidently felt the Health Service report carried some implied criticism of the original concept of the vaccine. At one point the report said that "the process of inactivation (rendering the polio virus in the vaccine harmless) did not always follow the predicted course."

However, Surgeon Gen. Leonard Scheele, head of the Health Service, expressed renewed confidence in the vaccine and said the struggle to perfect it has brought science closer to "potent new biologics" for the control of other virus diseases.

In its report the Health Service took some of the blame for the interrupted immunization program on itself, but left some major questions unanswered. It said, for example, it had not yet been able to find the cause of suspected defects in a few lots of vaccine made by Cutter Laboratories.

The white paper attributed the whole vaccine tangle to unanticipated difficulties, a quick shift to mass production, and insufficient testing methods.

There was no clear indication when the mass vaccination program can be resumed on a full scale.

The voluminous report went into great detail on what scientists have done in the last six weeks to increase the safety of the vaccine as turned out by manufacturers.

The government does not intend to rest on its revised safety standards, the report said. A new Division of Biologics Standards is planned to improve them and find the answers to many baffling questions about control of virus infections.

About six million school children have been inoculated with the Salk vaccine this spring. The vaccination program was suspended last month, after some children who received shots came down with polio, but it is under way again now on a limited scale with vaccine which has been released by the government.

"We have every belief that this vaccine will fulfill its bright promise," Scheele wrote Secretary of Welfare Hobby in transmitting the historic report.

One prominent member of the government's 15-man advisory committee, however, disagreed with the decision to push ahead with the immunization program at this time.

Dr. W. McD. Hammond of the University of Pittsburgh said he feels the revised safety standards "did not go far enough to insure an adequate margin of safety."

Catholics Plan Ceremony Despite Ban By Peron

BUENOS AIRES, Argentina (P)—The Roman Catholic Church moved ahead Friday with plans to hold its Corpus Christi procession inside Metropolitan Cathedral square in Buenos Aires' central square.

Police have banned the square—historic Plaza de Mayo—as the site for the procession Saturday in honor of the Eucharist.

By switching the ceremony inside the buff-colored colonial-age cathedral, church authorities will comply technically at least with the orders of President Juan D. Peron's government.

The cathedral holds 5,000, and if an enthusiastic crowd spills out into the square trouble with police could erupt.

High church sources said Catholic leaders have told government officials the procession will take place inside the cathedral but added "we wash our hands" of what the people may do.

Some church sources said the occasion may attract one of the largest Catholic crowds in recent months in this country, where the church and the Peron government have been feuding since last November.

Talks Continue As Strikes Go On In Britain

LONDON (P)—The British Transport Commission had a three-hour parley Friday with railway strike leaders, but there was no immediate agreement. There was a peace talk, too, over the dock walkout. The dockers came out saying "the strike goes on."

The rail strike, now 13 days old, threatens a creeping paralysis of industry. Motor manufacturers announced they are planning their export production on a day-to-day basis and said the supply situation is worsening.

The railmen's talks centered on new proposals by the commission, which runs the nationalized railways.

The Associated Society of Locomotive Engineers and Firemen is demanding pay boosts for its 67,000 members to restore their differentials over less skilled railmen. The basic pay of the engine crewmen is the equivalent of \$27.30 for a 44-hour week. They want \$1.12 more.

CHECK BOMB SHELTER—The Christmas family, Mr. and Mrs. Stanley Christmas and two of their children, Mary Lou, 11, and Stanley, 13, inspect the entry of the bomb shelter they will occupy for three days at their Houston, Texas, home. Starting June 15th, they will enter the shelter. The family was chosen from more than 200 applicants to use the shelter and make reports on their reactions and activities while "buried" during bomb test.

Editorial Comment

PEANUTS FOR PROPAGANDA

Red China, Russia and the Soviet satellites together spend about three billion dollars a year for propaganda inside and outside their borders.

No breakdowns of these outlays are available. But assuming conservatively that the Communists devote no more than a third—one billion dollars—to external propaganda, then they are spending more than ten times what the United States puts out for the same purpose.

It is hard to see how some American lawmakers can be puzzled at the spread of Communist ideas abroad when such a one-sided ratio of effort persists.

President Eisenhower originally requested \$88,500,000 for the U. S. Information Agency in the coming fiscal year. The House chopped eight million dollars off this total, arguing that the agency was spending too heavily in Europe and not enough in other sensitive sectors.

By contrast, the Communists spend around 150 million dollars on France alone, and nearly another 50 million dollars on Italy. Most goes for propaganda. And these two countries are generally considered to be the most vulnerable to communism of any free lands in Europe.

A second parallel is possible. The new U.S.I.A. budget calls for 18 million dollars for the Voice of America, the radio arm of the agency. The Soviet Union puts out about 230 million dollars for broadcasts beyond its borders.

Fortunately, the Senate has now voted to restore all but \$150,000 of the original \$88,500,000 request for the new year. But in conference with the House some part of the restored fund will inevitably be lost.

Even if the whole amount could be retained, the sum would not be impressive. The blunt fact is that the U. S. information program has been the steady victim of lawmakers whose real aim is to kill it, not improve it.

For the 1953 fiscal year, U.S.I.A. had 123 million dollars to spend. That total was sharply whittled in 1954 and cut again for the current year. The probable increase for the new year starting July 1 is only a few millions.

The principle argument of the program's opponents is always the same. They want to cut waste. Yet they have not been cutting fat but muscle, and they are getting perilously close to the heart.

The reasoning behind these moves is transparently faulty. Here and there one may discover that a U. S. propaganda cannon has fired a dud. The answer? Why, of course, wheel away the big guns and replace them with a menacing array of popguns. That's what the budget cutters have been doing.

The real solution is to see that we have plenty of cannon and that they fire a high percentage of explosive shells. That's what the Communists are doing. You can't win the battle for men's minds with cork bullets.

A Glance INTO THE PAST

10 YEARS AGO

Carrollton suffered the most severe flood in its history.

William E. Reed, 72, died at his home near Greenville.

Jewell E. Scott, 72, former Jacksonville city clerk, died at Passavant hospital.

Austin Brothers circus appeared in Jacksonville.

Mrs. Emma Sharon Thorn, 86, died at Carrollton.

C. E. McCarty, 503 S. Prairie street, building contractor, was injured when he fell from a ladder.

Granville Wilson Hickman, 76, died at his home south of Greenville.

Illinois farmers were opposed to the planting of trees along Illinois highways, contending it would draw too much moisture from fields.

Mrs. Sophia Babenhause, 77, died at her home, 358 East College ave.

Elmer Braden, 22, was instantly killed on the farm of August Hansmeyer near Azenville when he was crushed by the gear wheel of a traction engine he was repairing.

Voice pupils of Miss Mary Tanner gave a recital at the Congregational church.

There was a sort of house warming of the Harry Stribling new barn near Ashland.

20 YEARS AGO

Illinoisan Among 16 Newsmen To Be Nieman Fellows

CAMBRIDGE, Mass. (P) — The appointment of 11 United States and five foreign newspapermen to fellowships for a year of study at Harvard University was announced today by the Nieman Foundation.

The 11 U. S. newsmen make up the 18th annual group appointed under the bequest of Agnes Wahl Nieman, widow of Lucius Nieman, founder of the Milwaukee Journal.

Mrs. Nieman's will in 1937 left Harvard funds to "promote and elevate standards of journalism and educate persons deemed especially qualified for journalism."

The U. S. Nieman fellows for the 1955-56 academic year include Julius C. Duschka, 30, editorial writer, Lindsay-Schaub Newspapers, Decatur, Ill.

Lapp Convicted Of Killing Fellow Con Lawyers Criticize Court Reform Bill Late Amendment

KANSAS CITY (P) — A circuit court jury Thursday night convicted Donald W. De Lapp, 19, in the slaying of a fellow convict during last September's riots at the Missouri Penitentiary.

The jury recommended life imprisonment.

De Lapp was one of seven convicts accused in the fatal stabbing of Walter Lee Donnell. He denied complicity.

Donnell, 22, reportedly marked out for convicts' vengeance as a "squealer," had been placed in the prison's death row for his own protection. He was slain during the height of the bloody riot which claimed four lives and left a score of prisoners wounded.

Dixon-Yates Fight Expected As House Unit Strikes Blow

WASHINGTON (P) — The House Appropriations Committee drew clear lines today for a major congressional fight over the controversial Dixon-Yates power project.

It struck a double blow at the project as it sent to the House floor for debate next Wednesday a bill appropriating \$1,282,106,242 to finance government power agencies for the fiscal year starting July 1.

By a split vote, the committee turned down an administration request for \$1 million to build a power line linking the Dixon-Yates plant at West Memphis, Ark. with the Tennessee Valley Authority power system. Then it earmarked the money to start construction of a new TVA steam plant at Fulton, Tenn.

The effect of the action, if sustained by Congress, could be to leave the Dixon-Yates project without an outlet for its current and to build a new TVA plant to generate power in an area the Dixon-Yates group plans to serve.

House leaders conceded that the action would stir up a hot floor fight that would have repercussions in the 1956 political campaign. Democrats predicted that the committee recommendation would be upheld by a partisan vote.

Ground already has been broken for the 197 million dollar West Memphis plant to be financed by the Middle South Utilities Co., headed by Edgar H. Dixon and the Southern Co., headed by Eugene Yates. The Dixon-Yates group has signed a 25-year contract with the Atomic Energy Commission to supply the TVA with power as replacement for energy TVA supplies to atomic plants.

The administration concluded the contract in place of asking Congress to build the Fulton TVA plant, which Congress has turned down several times.

The contract provides for the Dixon-Yates group to pipe its power to the middle of the Mississippi River, with a proposed TVA transmission line taking it from there into the TVA system.

In diverting the 6½ million from the Dixon-Yates project to the proposed new Fulton plant, the committee said there is no indication that litigation involving the Dixon-Yates contract will be settled soon.

"For two years," it said in a report written by Chairman Cannon (D-Mo.), "the administration has failed to recommend any new starts in generating capacity for TVA although the load is growing rapidly in this area and installations vital to defense are located there. TVA must be assured of generating capacity."

The committee's action on the Dixon-Yates project overshadowed the fact that it imposed a 28 per cent cut—a record for this year—on the over-all money requests of President Eisenhower for agencies dealing with big power projects.

The President requested a total of \$1,789,165,000 for the TVA, the AEC, the southeastern Power Administration, the Bonneville Power Administration, the Reclamation Bureau, and the civil functions of the Army's engineers.

A large part of the cut, however, was of the so-called "paper" variety, involving the transfer of unobligated balances from previous funds instead of putting up new cash.

GRADUATION COMES TO GRAD'S BEDSIDE

LOS ANGELES (P) — Alice Westbrook couldn't make it to her high school graduation—so the graduation came to her.

Alice, 16, had to leave Claremont High in April with tuberculosis. There wasn't a chance that she could leave the sanitarium to attend the senior exercises tonight.

So Principal Lyle C. Martin and her 81 senior classmates drove 37 miles to her bedside Thursday night, and Alice received her diploma and a trophy naming her "as the outstanding member of the class in athletic sportsmanship and scholarship."

LAST OF GAR FINE AS EVER

DULUTH, Minn. (P) — Albert Woolson, last Union Army veteran of the Civil War, returned home Thursday after being hospitalized 10 days with a lung congestion. The 108-year-old veteran reported he felt "just as fine as ever."

Union Official Sentenced For Refusing Answers

WASHINGTON (P) — John T. Watkins, 44, an official of the CIO-United Automobile Workers, today was fined \$500 and given a one-year suspended jail sentence for contempt of Congress.

The sentence was imposed by U. S. dist. Judge Joseph C. McGarrity, who found Watkins guilty May 27.

Watkins attorneys, Joseph L. Rauh Jr. and Sidney A. Sachs, said they will appeal.

Rauh said the appeal will be based solely on the right of the house Un-American Activities Committee to "engage in exposure activities rather than those of a legislative purpose."

The charges against Watkins, who lives in Rock Island, Ill., and is an international representative of the CIO-UAW, grew out of his appearance before a subcommittee of the Un-American Activities Committee April 27, 1954.

Watkins denied he had ever been a member of the Communist party but said he had been associated with Communists in the past. He refused to answer questions about persons he said had long since left the party.

Judge McGarrity described Watkins' refusal to answer as "unlawful" and said he had a duty to answer the questions. The judge added, however, that there was no evidence that Watkins was disrespectful or engaged in any disorderly conduct.

He said this was no legal defense, but that he was taking it into consideration in imposing a sentence.

Virginia Couple Married 50 Years

VIRGINIA, Ill.—Mr. and Mrs. Joe Barnard of Virginia will celebrate their 50th wedding anniversary, Saturday, June 11, with a family dinner that evening.

The couple was married, June 11, 1905, at the home of the bride's parents, the late Mr. and Mrs. Adam Kirchner of Little Indian, at 3 o'clock in the afternoon, the minister of the Litchberry Baptist church performing the ceremony. Mr. Barnard's parents were the late Mr. and Mrs. James Barnard.

They are the parents of four children, two sons, Clarence, of Springfield, and Albert, of Peoria; two daughters, Mrs. Elizabeth Wallace and Mrs. Gladys Simmons, of Virginia.

The Ministerial Alliance is sponsoring a Billy Graham movie to be shown in the Virginia Christian church, June 20 at 8 p.m. The title of the picture is "Souls In Conflict."

NEHRU, RUSSIANS TOAST SELVES AS PEACE CHAMPIONS

MOSCOW (P) — The premiers of Russia and India toasted each other as champions of peace Thursday night and chorused hopes the rest of the world would follow in their footsteps.

The exchange took place at a Kremlin dinner honoring India's Prime Minister Nehru. Russia's top leaders were present.

Soviet Premier Nikolai A. Bulganin led off by voicing hope that the joint efforts of India, Russia and Red China could "ease the tension" over Formosa.

DIPLOMA AWARDED BY HOSPITAL BED

TRAVERSE CITY, Mich. (P) — With his daughter in the Traverse City High School graduating class, Douglas Linder as president of the school board had looked forward to awarding the diplomas.

But he was confined by illness in a hospital.

His daughter, Patricia, was in the same hospital recovering from injuries suffered in an auto accident.

So Patricia put on the traditional cap and gown and received a diploma from her father in a little ceremony at the hospital last night.

HE CAN'T EVEN SHIFT FOR HIMSELF—Michael Bird swears he's not guilty of any traffic violation. The two-and-a-half-month-old boy, who lives with his parents in Salt Lake City, Utah, got a letter charging him with juvenile delinquency arising from a driving citation. The letter warned his mother, Mrs. James M. Bird, shown above, that if she didn't bring Michael into court within two weeks he would get 30 days—which is almost half his age.

Births

At Our Saviour's hospital Mr. and Mrs. Charles Kline of 884 Routh street became the parents of a son born at 8:34 p.m. Wednesday and weighing nine pounds, five and one-half ounces.

At the Passavant hospital Mr. and Mrs. Clarence Kemper of 760 West Douglas avenue became the parents of a son born at 8:40 p.m. Thursday and weighing seven pounds, one and three-quarter ounces.

Bethel Church Opens \$10,000 Fund Campaign

Sunday, June 5, marked the beginning of a building fund drive by Bethel A.M.E. Church. Bethel church, historically founded almost 90 years ago, is endeavoring to raise \$10,000 to finance the remodeling and repairing of the church and parsonage.

The \$700 raised Sunday resulted from payments of individual pledges by members of the church. The building fund committee of the trustees board of Bethel A.M.E. church has sent correspondence to various business firms and citizens of Jacksonville. The building fund committee is composed of Frank Clay, chairman; Cornelia Carter, secretary, and Howard Mitchell, treasurer.

Dr. M. Boyde Patrick is pastor of the church. Rev. Patrick has been active in the civic, social, and religious activities of the city since coming to Jacksonville two years ago. Until this summer, Rev. Patrick was secretary of the Jacksonville Ministerial Association. He has been a regular speaker on the Protestant Hour of WLDS, and has preached several times at the Passavant Hospital, and the Illinois School of the Deaf. As executive secretary of the local branch of the National Association for the Advancement of Colored People, Rev. Patrick has mediated many matters of race relations.

In a statement concerning the building fund drive, Rev. Patrick said, "I feel that inasmuch as the members of Bethel A.M.E. church have shown pride in wanting to improve the physical appearance of their church and neighborhood, and are making visible efforts to do so, I am confident that our very fine friends of the community will help us in our endeavor. I believe such charitable and Christian attitudes exist in Jacksonville."

GOES 1,500,000 MILES SAFELY BY BEING WATCHFUL

CHICAGO (P) — William C. Hatten, a truck driver who has won a house full of prizes for safe driving, today completed 1,500,000 miles of driving without a serious accident.

How did he do it? "I always drive as if everyone else on the road is going to do the unexpected," he said. "But even so, there have been some close ones. I guess the Lord has been with me on a lot of trips."

Hatten has had only two close calls in his 20-year truck-driving career. On Feb. 4, 1947, his truck was forced off the road by a careless driver coming toward him in the wrong lane. On June 11, 1948, Hatten's truck axle gave way.

Hatten lives with his wife, Ruth; daughter, Judy, 15, and son, William C. Jr., 11, in South Bend, Ind.

Funeral Sunday For Mrs. Brim At Versailles

VERSAILLES — Funeral services for Mrs. Mamie Brim, 82 year old Versailles resident who died Thursday at the Schmitt Memorial hospital in Beardstown, will be held at 2:30 p.m. standard time Sunday afternoon at the Christian church in Versailles.

Mrs. Brim's death followed many months of failing health. She is survived by three sons, Robert of Perry; Arthur of Galesburg and Harvey of Versailles, with whom she had made her home. Her husband, Joseph, preceded her in death a number of years ago. There are a number of grandchildren and great grandchildren. The body is at the Tarrant funeral home.

DIABLA LIVES UP TO NAME CATS FIND

LONG BEACH, Calif. (P) — Diabla, a 14-pound margay from Nicaragua, had the neighborhood tomcats in quite a dither for 24 hours.

Diabla—translated that she-devil—unhooked a window screen and fled from her home. Her owner, Mrs. Beverly Caughey, was able to trace her by the yowling of neighboring felines.

A margay is the Central American cousin of the ocelot—hardly a gentle tabby.

Finally a neighbor spotted Diabla perched on a garage roof Thursday night. Succulent celery stalks brought her down.

Grace Church Children Will Give Program

Children's Day will be observed in the Grace Methodist church Sunday morning, when special exercises will be presented in the sanctuary at 9:30 o'clock, by members of the Grade School Department.

The following is the program to be presented: Processional, with Mrs. G. O. Webster at the organ; Welcome by Michael Pinson; Hymn, "Faithful Lord Jesus," by the Church School Choir and congregation, followed by the Lord's Prayer. The 7th and 8th Grade Choir will then sing "Sweet Hour of Prayer."

The Nursery Department, with Mrs. John Worrall, superintendent, and the Kindergarten Department, with Mrs. John B. Wright, superintendent, will present their exercises followed by the Primary Department, with Mrs. Ivan Garrison, superintendent, and the Junior Department, with Mrs. Harry Deen, superintendent. There will be closing remarks by Michael Pinson; special announcements by the pastor, Dr. Marston, and the singing of the hymn "For the Beauty of the Earth" by the choir and congregation. A special offering will be taken for the Methodist Student Loan Fund, which supports the Methodist college students and the Christian work in the church, universities and colleges.

The regular morning worship service will be omitted in order to unite with the annual Conference Sunday morning worship service in Annie Merner Chapel, at 10:45 o'clock.

Vacation School At Northminster Opens Monday

Plans have been completed for the annual Vacation Bible school at Northminster church. The opening session will begin Monday morning, June 13, at 9 a.m. lasting until 11 a.m.

A new Bible centered course is being used this year with the theme "Heroes of the Cross."

Several high school girls who have completed Bible school themselves have volunteered their services as teachers with others as follows:

Mrs. G. C. Albright and Mrs. Nardis Hodge will be in charge of the Junior Department with the assistance of Rev. C. F. Janssen, Mary Albright, Carol Kesinger, Gwendolyn Souza, Patsy Davis and Janet Fernandes will have charge of the Primary Department assisted by Mrs. C. F. Janssen, Janet Kesinger and Becky Fortado will serve as helpers, assisting with the recreation period and refreshments, also with handwork.

All children wishing to attend are most welcome to come to this Bible school.

Osteopathy Grads Can Practice All Medical Branches

CHICAGO (P) — Graduates of the Chicago College of Osteopathy are entitled to practice medicine in all its branches, a committee of the State Department of Registration and Education ruled Thursday.

The Medical Examining Committee of the department made the ruling in accrediting the Chicago Osteopathic Hospital, which is owned by the college.

The ruling followed an Illinois Supreme Court decision April 19 that graduates of the college could take state medical examinations and be licensed to all branches of medical practice.

Vera M. Binks, director of the state agency, said the committee rulings are retroactive to April 12, 1950, and make all graduates and qualifying interns of the college and hospital eligible for medical examinations. She said seven graduates of the college have applied to take medical exams June 21.

More than
a cake...

Those two tiny figures on top of the wedding cake... the bride and the groom... are a symbol. They mean that from this day forward two people will be as one... joined together in perfect unity, forming the nucleus of a new family group.

They have stood before the church altar, pledging themselves to each other and to God. Their marriage has been started in the right way, with God's blessing upon it.

In the years to come they will look back upon this day, and upon their holy moment together in the Church. They will remember the reception later when they cut this cake, when there was laughter and gaiety and nothing but love around them. When they return to their church on Sundays, they will always see in their minds' eyes their own figures, standing before the altar, taking their holy vow. Little wonder that the Church will always mean so much to them when they have laid the foundation for their happiness within it.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Go To Church Sunday

Come to Church

The Protestant Hour, Monday through Friday, 1:30 p.m., station WLDS, maintained by the churches of Jacksonville and the friends of the Protestant Hour; June 13-17, programs are a series of worship services based on the characters of the apostles and are produced by the Upper Room Radio Ministry.

Sunday Service Broadcasts each Sunday, 11 a.m., WLDS, by churches participating in the Jacksonville Ministerial Association, during the month of June broadcasts are coming from the First Presbyterian church, the Rev. Joseph W. Baus, pastor. Sermons are on the theme: "Facing Life's Inevitable"; this Sunday: "How to Carry Your Burden Gracefully."

First Presbyterian church, Joseph W. Baus, pastor. There will be no 11 a.m. service this Sunday, June 12, members and friends being invited to attend commencement exercises on the campus of Illinois College at 10:30 a.m. There will be a service at 9 a.m., with the pastor speaking on "How to Carry Your Burden Gracefully." Miss Kathryn Barr is soloist and Miss Elizabeth Paul, organist. A service, recorded earlier, will be broadcast at 11 o'clock. Sunday Church school is at 9:50 a.m. The Young Adult club has guest night, beginning with a covered dish supper in Fellowship Hall at 6:30 p.m. on Sunday. Daily Vacation School continues through the week of June 13-17, from 1 until 3 o'clock each day.

Northminster Presbyterian church, C. Frank Janssen, pastor. Sunday school meets at 9:30, there is a class for every age group; Mrs. G. C. Albright, superintendent. The Sunday worship hour at 10:45; this is Children's Day, and the program will be presented by the children. Mrs. Thomas Fernandes is chairman, and is assisted by all the teachers of the Primary department and Junior department. No evening worship services, as the youth are presenting services in the homes of our shut-ins. Wednesday night prayer meeting at 7:30. Missionary meeting Thursday at 2:00, special program has been planned. Session meeting Thursday at 7:30. HEADS CHURCHMEN

REV. FRANK L. EDWARDS

When the annual sessions of the Congregational and Christian Conference of Illinois open in this city next Monday, June 13, one of the busiest executives will be the Rev. Frank L. Edwards, superintendent of the Conference since Sept. 1, 1953. Rev. Mr. Edwards was awarded an honorary Doctor of Divinity degree by Illinois College at the academic convocation last January, held in connection with the 125th anniversary of the college.

Pilgrim Memorial Congregational church of this city, of which Dr. W. H. Pankhurst is pastor, will be co-host to the convention with Illinois College.

The Congregational and Christian Conference of Illinois is composed of 320 churches with more than 90,000 members, approximately half of which are in the Greater Chicago Area. The Conference was organized in 1844. The headquarters of the Conference is at 19 South LaSalle Street, Chicago.

Dr. Edwards holds degrees from the University of Denver, The Iliff Graduate School of Theology, the Divinity School of Yale University and Union Theological Seminary in New York. The Chicago Theological Seminary and Illinois College recently conferred upon Mr. Edwards honorary degrees of Doctor of Divinity.

Takes Executive Position
The parish ministry occupied Mr. Edwards' time and talents from 1926 to 1948. He served pastorates in Illinois, Connecticut and New York. He was called from the pastorate of the Amherst Community Church in Buffalo, New York, to the staff of the New York Congregational Christian Conference where he served as Minister of Stewardship and Missions. Later he became an Associate Executive Secretary of the Missions Council of the Congregational Christian Churches. In this capacity, he was responsible for Stewardship Education and in charge of the Chicago office.

Mr. Edwards has written for our denominational publications and is the author of several Stewardship pamphlets. He has also written several hymns, one of which has been rather widely used in our churches. As preacher and lecturer, as well as administrator, Mr. Edwards is well and widely known throughout the country. As Superintendent of the Illinois Conference he is responsible for a widely varied ministry of service to both ministers and churches.

One of Mr. Edwards' major concerns is for the enlistment and training of laymen and women for the work of the church. He has said, "The return of laymen and women to leadership in the Protestant Churches is one of the most hopeful signs of our times. Protestantism is rediscovering its lay people. The lay people are rediscovering the church."

Mr. Edwards served with the United States Army in France during World War I, and spent several years in business before beginning his studies for the ministry.

Up to \$22.50 beautiful cool summer dresses in all sizes only \$10. EMPORIUM.

HONOR PASTOR

REV. BEN A. BOHN

WHITE HALL.—The congregation of the First Baptist Church honored the Rev. and Mrs. Ben A. Bohn at a fellowship hour following the evening service Sunday. The occasion was the observance of the tenth anniversary of Mr. Bohn's ministry as pastor of the church.

A musical program sponsored by the young people of the church included piano selections by Sharon Day and Joy Fuller; a vocal duet by LaWanda Bequeath and Roberta Savage; a vocal solo by Don Heberling; several vocal selections by the Gospel Male Quartet and a trumpet solo by Terry Neal Bateman. Deacon Henry Day made a short talk commending the church and pastor and pastor's wife for the fine progress made in the past and challenged them to strive for even greater achievements in the days ahead.

Following a few remarks and words of appreciation by the pastor for the fine cooperation of the congregation, the group joined in singing, "Blest Be the Tie That Binds Our Hearts in Christian Love." Refreshments were served by the women of the church following the closing prayer by the pastor.

Toastmasters Vote Frank Smith Best Speaker Of Week

Frank Smith was named the evening's top speaker at the regular meeting of the Athenian Toastmasters' Club Wednesday night in the Southern Air Cafe.

President George DeLaney opened the business meeting and called on Homer Wood for a report on the placing of Toastmasters' Club road signs.

Mel Akers was toastmaster for the evening, and called on Lynden Heston, who led off the program with a talk on "Feeding Our Nation."

Second speaker Frank Smith talked on "How To Live To Be

100," third speaker Dr. Bigg's topic was "Inflation Continues," and Paul Barnes wound up the prepared speeches with "Look Ahead."

Impromptu chairman Russell Ward called on Van Seymour, Travis Budlong and John Pruett.

The program evaluators were John Pruett, Homer Wood, Ralph Jones and Warren Cliburne. Travis Budlong was general critic, Dr. Hallock was grammarian, and Bob Matthews was timekeeper.

Next week's toastmaster is Alvin Otto.

TELLS PRESBYTERIAN CLASS OF SPAIN'S BYGONE GRANDEUR

The Happy Hour Class of the First Presbyterian Church held its June meeting Tuesday afternoon in the church parlors.

The program, given by Mrs. Avahlee S. McCarthy, was on "Spain's Grandeur of the Past." Mrs. McCarthy illustrated the vast amounts of treasure which speak for the fine artists who were citizens of Spain in centuries past. She closed her program with Kodachrome slides of "Spain of Today."

Hostesses for the afternoon were Mrs. Herma Zachary, Mrs. B. C. Neims and Mrs. Margaret Moore.

STANDARD GASOLINES

...balanced for top power, economy, and all round performance... and raised to the Highest Octane levels in our history

STANDARD WHITE CROWN and RED CROWN Gasolines have been stepped up to the highest octane ratings in our sixty-six year history... designed to give smooth, knock-free performance in the most modern, of high compression engines—and older cars too. But important as octane is, good gasolines need something more. They must be balanced to give you top performance with controlled volatility—the right gasoline for the right season; no vapor lock even in the hottest summer weather, and clean-burning for efficient, economical performance.

Try a tankful today, and drive away convinced that these gasolines have everything it takes to be tops.

You expect more from STANDARD and get it!

Seven Births At Boyd Hospital

CARROLLTON — Seven babies were born the past week in Boyd Memorial Hospital. A son was born June 2 to Mr. and Mrs. Carl Roth of Michael; a daughter, June 2 to Mr. and Mrs. Robert Blane of Hillview; a son, June 4 to Mr. and Mrs. Alfred Conrad of Eldred; a son, June 4 to Mr. and Mrs. Arthur Rayle, Carrollton; a daughter, June 5 to Mr. and Mrs. Harry Kiel, Hardin; a son, June 6 to Mr. and Mrs. Leonard Wells, Carrollton; and a son June 7 to Mr. and Mrs. Henry Kibach, Carrollton.

Patients undergoing surgery during the week were Miss Phyllis Stringer, Jerseyville; Miss Terrill Hetzer, and Mrs. Emily McPherson, White Hall; Mrs. Zelma Sebastian, Stanley Reno and Mrs. Bessie Schmelten, Carrollton.

Patients entering for medical care were Tolman McCarty, Brighton; Mrs. Mabel Carmody, Mrs. Maxine Edwards, Mrs. Beatrice Rhoades, and Mrs. Nellie Woods, Carrollton; Jess Stone and Mrs. Thelma Burch, Kane; Mrs. Helen Wallis, Roodhouse; Mrs. Laura Short, Newton Short, Greenfield; Miss Marie Hurst, Jerseyville; Merle Pepper, Kampsville; James Woodman, Alton; Mrs. Ella Cope, Fieldon; Mrs. Elizabeth Carter, White Hall, and Mrs. Bird Cooley, Rockbridge.

TWO TONS OF BOOKS EXHIBITED

Book room of the Methodist Publishing House in basement of MacMurray chapel. The Methodist Publishing House is the oldest religious publishing house in the world and the oldest publishing house in the United States, founded in 1789, the year that George Washington took office. Total business last year was eighteen million dollars, profits of which are used for ministerial pensions. Over two tons of books were shipped from the Chicago branch for display at the Illinois Conference. Customary sales for the week will amount to between four and five thousand dollars.

Interpreting The News

By J. M. ROBERTS
Associated Press News Analyst

John Foster Dulles' interest in setting up the fate of the European satellites as a major issue for the Big Four conference goes back to a time long before he was Secretary of State.

He has always urged that the Western world do everything possible to keep up the spirits of the non-Communist undergrounds, supporting their hope for eventual liberation, but not encouraging them into any premature overt acts which might produce costly reprisals.

In 1952 one of candidate Eisenhower's speech-writers, incorporating some Dulles material into a campaign address, carried the thought into a suggestion of an active liberation movement.

The immediate reaction from Europe was that a suggestion of that type was dangerous. Underground leaders over there have generally preached that their cohorts should concentrate on organization and safety now, in contemplation of a time, such as a war, when action will be possible.

Russia's recent wooing of Yugoslavia, however, has given rise to hope that she may at least be intending some relaxation of her grip on the other Balkan and Central European countries.

But she reacted violently only recently when Dulles, on his return from the Austrian treaty signing, mentioned the possibility of lifting the Iron Curtain.

Russia has just formalized the

control she has maintained over the armed forces of the satellites. Undoubtedly she remembers what happened in East Germany two years ago when she slackened the reins a little bit there. She had to put down a revolt.

But Russia did agree at Yalta and Potsdam to help foster the independence of these nations, and the Austrian treaty came in fulfillment of another of her long-ignored obligations. So does the just-announced return of 62 American vessels she has kept illegally ever since the end of lend-lease.

Dulles apparently intends to go down the list of Russia's obligations at the Big Four conferences, in an attempt to impress upon her the necessity of establishing some record of keeping agreements before seeking new ones.

He can also point out the incongruity of trying to establish a Finnish - Swedish - German - Austrian - Yugoslav neutrality belt while refusing to include the satellites.

Death Has 3 Lives

by Brett Halliday

THE STORY'S Private Detective Mike Shayne and his secretary Lucy Hamilton are deeply involved in a murder case and police will suspect them unless Mike solves the case. An anonymous phone call has demanded that Mike turn over money supposedly found on one of the victims and Mike fixes up a booby trap which explodes as Lucy tosses a dummy package into the blackmailer's car. The car goes into the bay.

Lucy had realized, from what Michael told her when handing her the package, that it contained some sort of bomb or explosive apparatus instead of \$70,000. He had warned her explicitly against pulling the small knob protruding from the side until the instant it left her hands, and had emphasized the fact that she must immediately fling herself over the edge of the Causeway after releasing it.

But there were two things Shayne hadn't been able to take into account while planning how to entrap the man. He hadn't known the driver of the car would accelerate so fast the moment the bomb landed, or (even if he did) and thus lost control of the speeding vehicle when the explosion occurred seconds later) that the accident would occur at a point where there was no guard fence along the edge to hold the car on the roadway.

So Lucy knew miserably that she had failed in her mission as she crouched in the soft sand 30 feet below the roadway. The gray sedan had sunk without a trace in the deep ship channel of the bay which paralleled the Causeway here, and there didn't appear the slightest chance that the driver could be rescued alive. So, for the second time this evening, a man who might be a murderer and who certainly had some guilty knowledge of murder had died through some fault of hers before he could be questioned.

She shuddered at the thought and tried to thrust it into the back of her mind. On the Causeway above her, she could hear cars stopping now, shouts and excited voices as occupants leaped out and converged at the point where the sedan had gone over.

At the same moment, she heard a second sound. From out on the surface of the bay to her right. The loud splashing of oars, and then the low voice of Michael Shayne calling urgently, "Lucy! Are you there, Lucy?"

She scrambled to her feet and saw him plainly. Bending his back into powerful oar-strokes that was driving a light skiff toward the shore 20 feet ahead of her.

"Here, Michael."

The prow of the rowboat came in fast to ram against the sand directly in front of her just as the beams of two flashlights flashed down over the side of the embankment ahead of them and men began sliding down to the point where the gray sedan had gone under.

"In here quick, Lucy," Shayne ordered, standing and stretching out his hand to take hers. The moment she stepped inside, he shoved off hard and swung the prow about to row toward the excited group at the foot of the embankment ahead.

HE spoke low and urgently. "Sit quiet and let me do the talking. We've been for a midnight row. I know the man went over the edge and is probably drowned. Tell me just this. Did everything go as planned? Anyone see you before the accident? Anything to hook you up with it?"

"I don't think so. There were no cars close when he pulled up. There was a loud explosion and then suddenly the car went over."

They were very close to the group by the water's edge now. Shayne stopped rowing to call loudly: "What's the trouble?"

At that moment a brilliant searchlight lit up the scene from the roadway above and an authoritative voice called down gruffly, "Come back up here, all of you. Got to start moving your cars out of the way to make room for a winch truck. Any of you know anything, we'll take your statements up here."

"I've got a rowboat," Shayne shouted up at the glaring light. "Want me to stand by here to help you locate the car?"

"Good idea."

A uniformed man came sliding down. He stood stock-still and stared with open-mouthed astonishment at the redhead and his secretary sitting in the boat under the bright light from above.

"Michael Shayne! What are you doing here?"

"Offering to help you locate the car that went over," Shayne snapped. "Hello yourself, Roberts. Ever met my secretary, Miss Hamilton?"

"No... I..." The young patrolman was still goggling helplessly. He turned to shout lustily up the bank, "It's that redheaded shamus from Miami, Sarge. Here in a rowboat with a dame."

"OKAY. So it's a cinch they didn't shove him over," an irate voice shouted back. "Row out from shore a little and try an oar to see if you find anything. Wrecker'll be here in a minute with grappling hooks."

"You step out, Lucy," said Shayne quietly.

She reached the safety island between east and westbound traffic, and paused to catch her breath when a man hurried up behind her and caught her arm tightly. She whirled about to see Timothy Rourke's grimly elongated countenance. "Where's Mike? Did it happen to the man we wanted?"

Lucy nodded mutely to the last question, wilted suddenly in Rourke's arms and sobbed.

(To Be Continued)

Basilio Kayo's DeMarco In 12th To Win Welter Crown

Yanks Tip Cleveland 3-2; Konstanty Great In 9th Inning Relief

CLEVELAND (AP) — The New York Yankees Friday night produced a two-run rally in the seventh inning and won a 3-2 victory over Cleveland's Indians in the opener of a four-game series. The victory put the Yankees 5½ games ahead of the Chicago White Sox, tied Friday night at 1½; and 6½ games ahead of the Indians.

The Yanks called in ace reliever Jim Konstanty to put down a Cleveland rally in the ninth inning. Cleveland had scored one run in that inning and had two men on base with only one out when

Giardello Jailed After Beating Man In Gas Station

PHILADELPHIA (AP) — Joey Giardello, high-ranking middleweight fighter, Friday was sentenced to a county prison term of 6 to 18 months as the aftermath of a street corner row in which he was accused of beating a service station attendant with a crutch.

Judge Edward P. Little, who presided at Giardello's recent trial, admitted the boxer to \$1,500 bond pending an appeal which Giardello's attorney, Michael Von Moschischer, said he would file with the Pennsylvania Superior Court.

Giardello was convicted last March 16 on five counts of assault and riot. He was accused specifically of taking part in the beating of attendant Howard Short, 29, at a South Philadelphia gasoline station on Oct. 29, 1954.

During the 24-year-old fighter's trial, it was testified he hit Short with a crutch which Giardello was using at the time because of an auto accident leg injury.

Three companions pleaded guilty to two charges of riot and two of the three pleaded guilty to an additional count of assault and battery.

Herb Flam Fights Back: Wins Match

BECKENHAM, England (AP) — Muscled Tony Trabert, hitting peak form, and little Herb Flam, twice within a point of defeat, came through Friday for an all-American final in the Kent Open Grass Court Tennis Championship.

Trabert, expected to be favored for the Wimbledon title later this month, completely crushed Canada's Don Fontana with rocketlike shots 6-2, 6-1.

Flam, the relentless retriever from Beverly Hills, Calif., stood off two match points to beat South Africa's Abe Segal in a 48-game marathon 6-8, 14-12, 6-2.

Louise Brough of Beverly Hills, Calif., the women's favorite, had a close squeak but won over Anne Shilcock, promising English Wightman cup star, 3-6, 6-2, 6-2. In the final she plays Mary Carter of Australia, winner over Hazel Redick-Smith of Australia 9-7, 6-3.

Erskine Pitches, Hits Brooklyn To 7-0 Win Over Chicago Cubs

BROOKLYN (AP) — The Brooklyn Dodgers squashed the Chicago Cubs, 7-0, Friday night behind the four-hit pitching of Carl Erskine who helped his own cause by crashing the first home run of his major league career.

The Brooks themselves managed only five hits off the combined offerings of Sad Sam Jones, Dave Hillman and John Anderson. But three of them were homers and they told the story. In addition to Erskine, Pee Wee Reese and Roy Campanella cashed in.

In tossing his eighth triumph against two setbacks, Erskine never was in trouble. He yielded one hit in the first, another in the fourth, one in the sixth and one in the seventh. Only one was for extra bases, Gene Baker's double in the fourth. He walked only one.

It was a good pitchers battle between Erskine and Jones for the first four innings, with the Brooks ahead by 1-0 as a result of an unearned run in the third. After Carl Furillo walked, Junior Gilliam was safe when Dee Fondy bobbled his grounder. Furillo went to third on the play and scored when Reese forced Gilliam.

Ted Williams Hits 2 Homers In 5-2 Win Over Detroit

By JOE FALLS
DETROIT (AP) — Ted Williams returned Friday to his favorite ball park, Briggs Stadium, and promptly hit a pair of 340-foot home runs in his first two trips to the plate in leading the Boston Red Sox to a 5-2 victory over the Detroit Tigers.

The 36-year-old slugger, who missed Boston's last two games because of a cold, got better in a hurry when he lined a home run into the lower right field stands with nobody on in the first inning.

The ball smashed against the seats and bounced back onto the playing field, rolling half way back to the infield.

Then, with one on in the third, Williams lifted a tremendous high fly which came down into the upper deck in right.

Rookie Duke Maas was the victim both times.

They were the third and fourth homers for Williams who has played in only 10 games this season after coming out of a temporary retirement.

In his last three trips to the plate, Williams walked, struck out and beat out a hit behind second.

His slugging put the Red Sox into a 3-0 lead and the Tigers never caught up. It was Boston's fifth straight triumph.

Jim Delsing knocked in both Detroit runs with a bases-loaded single in the third and Tiger outfielder Al Kaline collected three singles in four tries to push his league leading average to .383.

Sixty Sports Cars Set For 24 Hour Race In La Mans

LE MANS, France (AP) — Sixty sports cars flashed through their final familiarization trip around the race circuit Friday night before the start of the 24-hour Le Mans endurance classic.

The race, which begins at 3 p.m. local time (10 a.m. CDT) Saturday over a 13.492 kilometer (8 miles, 675 yards) course, is the most important endurance test to the automobile trade, and the most famous.

Favorites again are the Mercedes-Benz entries from Germany, the Ferraris from Italy and the Jaguars from England.

One of the big things to be decided here this year is whether a new-fangled air brake installed on the Mercedes is any good at quickly and smoothly reducing the speed of a racing sports car when it is travelling at more than 100 miles per hour.

George Fitch of Stamford, Conn., and France's veteran Pierre LeVegh will drive one Mercedes. In another will be Juan Manuel Fangio of Argentina, world Grand Prix champion, and Stirling Moss of England, probably the world's No. 1 sports car pilot. Moss won the Mille Miglia in Italy this spring.

The Fangio-Moss car is probably the heaviest backed of any car in the race.

Don Bisplinghoff In Paris Finals

PARIS (AP) — Young Don Bisplinghoff of Orlando, Fla., outlasted three American Walker Cup stars in the French Amateur Golf Championship Friday and will bid for first major national title Saturday against France's title-collecting Henri de Lamaze.

Bisplinghoff, a big 20-year-old University of Florida student, reached the finals at the expense of Bill Campbell, the American Walker Cup team captain, 3 and 1.

Nifty Nashua Favorite In Historical Race At Belmont Track

By JOHN CHANDLER
NEW YORK (AP) — Ten 3-year-olds were named to oppose mighty Nashua Saturday in what shapes up as one of the dizziest Belmont Stakes since it was inaugurated in 1867 at old Jerome Park in the Bronx.

That is, dizzy for everybody excepting the Belair Stud's Nashua, who figures to go off one of the shortest priced favorites in the history of the mile and one-half classic.

Surprises galore popped off Friday morning when the entry box showed such a bulge. The management had been expecting only three or four colts might give it the old college try against William Woodward, Jr.'s big sophomore ace. One or two horses still are expected to be withdrawn, however, before they have to put up the \$1,000 starting fee.

Then came announcement that Jabneh, the dark horse of the race, had suddenly been sold and would start in the silks of Eugenia Bankhead, sister of actress Tallulah Bankhead. Jabneh was bred and owned by Laudy Lawrence, an American living in Paris, and the deal was closed by trans-atlantic telephone. No price was announced.

The Clearwater Stable's Portersville is expected to be established second choice in the betting at around 10-1, with Jabneh at 12-1. Nashua, who cracked the Pimlico track record in defeating Saratoga in the Preakness May 28, probably will be 1-10, or even shorter.

The weather man promises clear skies for the race, which will be televised and broadcast nationally (CBS) from 3:30-4 p.m., CDT.

If it start very unlikely—the pot will grow \$122,800, with the winner netting \$86,700, or second richest Belmont. The King Ranch's High Gun plucked a record \$89,000 last June.

Nashua, with jockey Eddie Arcaro, Belair Stud, and Trainer Sunny Jim Fitzsimmons each seeking their sixth Belmont victory, is in peak form. He was upset in the Kentucky Derby by Swaps, but ran a terrific Preakness. If he falls Saturday, the tote board probably will fall down.

The highest price quoted against a Belmont starter since pari-mutuels were legalized in 1940 was 196-1 on Engel Man when Capot won in 1949. If all stay in Saturday, one of them might go over 200-1.

Count Fleet was 1-20 when he won in 1943, while Man O'War went off at 1-25 in the old hand-book days in 1920.

CANCEL RACES AT DOWNS

CHICAGO (AP) — For the second straight night, the Chicago Downs Harness Race program at Sportsman Park was cancelled Friday because of weather conditions.

A planned celebration of the 22nd birthday of Greyhound, famed former trotting champion, will be held some day next week, it was announced.

Lake Course In Frisco Is Sight Of '55 Open Golf Championship

By NEA Service
SAN FRANCISCO (AP) — (NEA) — There is no more thickly wooded layout in the world than the Lake Course of the Olympic Club of San Francisco.

The site of the United States Open Championship, June 16-18, was cut out of a cypress forest, the dense trees practically every step of the way sometimes becoming frightening.

So the combatants must stay out of the timber.

The Lake Course is a rolling one calling for stout legs.

There will be little roll, for the fairways are lush.

The greens are on the fast side because the trees do not permit the sun to get a crack at the thin grass there. They are fairly flat with only a gradual roll.

The Lake Course measures 6700 yards with a par of 70. The popular belief is that the winning score will be between 285 and 287.

The championship will be settled from the second through the sixth holes, as difficult a run as the competitors ever tackled.

The 423-yard second is one of the more treacherous par 4's. The 220-yard par 3 is a difficult short hole with bold green surfaces requiring excellent putting. If a blind green is missed, the 433-yard par 4 fourth could be a bogey hole. The 457-yard par 4 fifth requires extreme accuracy in cutting a dog-leg corner. The 437-yard sixth is a strong par 4, trapped at 240 yards.

The 603-yard par 5 16th also probably could decide the title. Going over the other holes, the 530-yard par 5 first calls for two prodigious woods to reach the green in two.

The 266-yard seventh is a short par 4 known as the Dew Drop. The green is 20 feet above the tee

RAIN POSTPONES CAR RACES
WILMOT, Wis. (AP) — The annual Wilmot Hills Sports Car Road Race Friday was postponed from Sunday until June 26 because of dangerous driving conditions from excessive rains. Eighty-four drivers from the Midwest had been scheduled to compete.

SEIXAS, RICHARDSON WIN
NOORDWYK-ON-SEA, The Netherlands (AP) — U. S. Champion v.v. Seixas and his Davis Cup teammate, Hamilton Richardson, scored victories Friday in a special tennis tournament here.

Seixas defeated Lex Karamov of The Netherlands 6-4, 6-2. Richardson achieved an efficient 7-5, 6-4 triumph over lefthander Mervyn Rose, former champion of Australia.

The matches were the first in a three-day series between a team of Americans and mixed squad of players from The Netherlands and Australia.

SWEAT CLOTHES — Faced with taking off more than 20 pounds when he signed for the match, Archie Moore puts on a long sweat suit over rubber reducing clothes for workouts at Summit, N.J. The veteran defends the light-heavyweight championship against Bobb Olson at Polo Grounds, June 22.

Favorite Ends Brawl With Fists Flying; 9,170 Watch Fight

SYRACUSE, N. Y. (AP) — Carmen Basilio ended Welterweight Champion Tony Demarco's reign at one fight and seventy days Friday night by pounding out a technical knockout in 1:52 of the 12th round at War Memorial Auditorium.

A 17-10 favorite, the 28-year-old ex-marine from nearby Canastota touched off a wild scene by dropping the 23-year-old Bostonian twice in the 10th round to turn the tide of a fiery and bloody scrap.

After that, Basilio, getting his second shot at the title that barely eluded him 21 months ago against Kid Gavilan, calmly went after the lion-hearted champion.

He chopped away with both hands to the bleeding ace of the wobbling but still firing champion until Referee Harry Kessler stepped in and wrapped his arms around the gallant defender.

The pro-Basilio capacity crowd of 9,170, which paid \$119,794, let loose with a tremendous roar when Basilio's arm was raised in triumph.

Both fighters are solid left hookers but it was a right by Basilio which sent the aggressive Demarco to the canvas for the first time. They were mixing it up in a brisk exchange when Basilio suddenly staggered the 5-5½ Bostonian with a right to the jaw.

Somehow he managed to last out the round but he was on queer street. He staggered on rubbery legs away from his corner and had to be led back. Dr. Charles Heck examined him between rounds and it seemed that the champion wouldn't be able to come out for the 11th.

Come out he did, however, and he came out swinging. He was hoping for a knockout. Basilio, however, knew he had bagged his victim. He worked carefully on Demarco's battered features until Kessler intervened.

All three officials had Basilio, who weighed 145½ to Demarco's 144½, far ahead. Kessler had it 8-2-1. Judge Frank Forbes had it 8-3 while Judge Bert Grant scored it 7-4. The AP card had Basilio leading, 7-4.

Veteran Jockey Kicked By Horse

CHICAGO (AP) — Veteran jockey John Adams Sr. suffered a bruised left arm Friday when a horse kicked him.

He recently rode his 3,000th winner.

Adams, 40, was mounted on Hasty House's Summer Solstice preparatory to a workout at Washington Park, Oriental Spring, another Hasty House horse, held by a groom, lashed high with both rear hooves, one of them striking Adams' arm.

The victim said he would ride Mr. Black in Saturday's \$50,000 added Balmoral Turf Handicap despite the injury.

Orioles Whitewash KC Athletics 3-0

KANSAS CITY (AP) — Big Jim Wilson and Ray Moore combined an 8-hit pitching job Friday night as the Baltimore Orioles whitewashed the Kansas City Athletics, 3-0.

OLSON RESUMES TRAINING

ASBURY PARK, N. J. (AP) — Middweight Champion Bobb Olson boxed three rounds Friday as he resumed training for his June 22 bout with Archie Moore at the Polo Grounds in New York.

ADVERTISE—IT PAYS

Giants Homer In 8th Beats Cardinals 2-1; Arroyo Losing Pitcher

NEW YORK (AP) — Rookie Gail Harris lined his second major league home run into the right field seats to lead off the eighth inning Friday night and gave the New York Giants a 2-1 victory over the St. Louis Cardinals.

The big blow broke an even Stephen ball game with both clubs seemed reluctant to win. A total of 23 runners were left stranded—12 by the Cards, who fell to seventh place with the defeat.

Veteran Jim Hearn was the winner, picking up his seventh victory against six defeats. The loser was Luis Arroyo, dropping his second straight after winning six in a row.

New York Bond Market

NEW YORK (AP)—The corporate bond market was active and irregular Friday. Investment-grade issues, especially utilities, were under selling pressure while convertible obligations climbed.

Most U. S. government bonds were steady.

Strength in the stock market sent most convertible obligations higher. But demand for equities had a depressing effect on relatively stable utility bonds. Railroads were generally higher and industrials mixed. "Big Board" volume dipped to \$4,420,000 par value from \$4,950,000 Thursday.

New York Stock Market

NEW YORK (AP)—Another new record high—the fourth this week—was scored Friday by a strong stock market.

Railroads contributed the most strength in late trading and put the entire market over the top to a new peak.

Lots of other major divisions had a hand in the rise as well, and there were few backward divisions in the list.

Gains amounted to 1 to 3 points frequently, and some prices pushed their advantage on out to around 5 points. Losses were almost all fractional.

The market opened lower, a continuation of the selling that depressed prices Thursday. Within the first hour, however, the betterment began with steels and railroads in demand.

Thereafter, buyers sought out aircrafts, airlines, oils, and some chemicals together with the steels and railroads.

Brokers have been watching the railroads closely in recent sessions because so far they have failed to reach new high marks as has the industrial segment of the market. A new high by railroads would be proof to this group of observers in Wall Street that the current boom is firmly based.

The Associated Press average of 60 stocks was up \$1.20 at \$169.20, the fourth time this week that the average has reached a new record.

The industrial component of the average was up \$1.30 at \$229.50, a new high, while the railroads with a gain of \$1.80 just missed establishing a new high mark, and the utilities were up 30 cents at \$73.20, equal to the recent high.

The list contained 1,223 individual issues of which 609 advanced and 357 declined with 50 new highs and 16 new lows for the year touched during the day.

Volume amounted to 2,470,000 shares. That compares with 2,960,000 shares traded Thursday.

CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (AP)—A new high price since September went to the best of the hog deliveries Friday, closing a week in which the net gain was 85 cents a hundred pounds.

The market on hogs was steady to 25 cents higher while cattle and sheep, poorly supplied as usual for the week's finale, held around steady.

An estimated 6,500 hogs cleared well at \$17.25 to \$20.25 on most offerings of butchers and at \$12.50 to \$16.50 on sows. The new nine-month high on hogs was set at \$20.80 while sows topped at \$16.75. Shippers cleared 3,000 on outside orders.

There was scant attractive material in the cattle pens. A few good and choice steers and yearlings took \$18.00 to \$22.80 but only odd head of high-choice steers were around to get \$23.50. A few high-commercial to choice yearling heifers made \$18.00 to \$21.50.

Cows could be had for \$15.00 and less, bulls \$16.50 downward and vealers at \$24.00. An estimated 1,000 cattle and 200 calves came to market.

Shorn lambs were missing from the 300 sheep offered and only small lots of good to prime native spring lambs were around to get \$23.00 to \$25.50. Shorn ewes brought \$5.75 and below.

MARKETS AT A GLANCE

NEW YORK (AP)—Stocks—Higher; steels and rails firm.

Bonds—Steady; changes narrow.

Cotton—Irregular; liquidation and hedging.

CHICAGO

Wheat—Steady to strong; very light trading.

Corn—Firm; moderate exports.

Oats—Firm; paced by corn.

Soybeans—Mixed; some new export business.

Hogs—Steady to 25 cents high.

Cattle—Steady; prime kinds absent.

CHICAGO CASH GRAIN

CHICAGO (AP)—Wheat: none. Corn: No 2 yellow 1.48½-49; No 3 1.47; No 4 1.43¾-44¾; No 5 1.41¾. Oats: No 1 heavy mixed 78½-79½; No 1 heavy white 80-80¾; No 2 80; sample grade 76; No 1 white 77½; No 1 mixed 76½-78½.

Soybean oil: 12½-13; soybean meal: 50.00-50.50.

Barley nominal; malting choice 1.35-92; feed 95-116.

GRAIN PRICES TILT SLIGHTLY HIGHER

By LAWRENCE N. ELDRED
CHICAGO (AP)—Prices moved within a narrow range on the Board of Trade Friday. Virtually the whole list had tilted fractionally higher when trading was completed.

Firmness in grains and soybeans developed following a little initial weakness. Some improvement in the export picture combined with further rains to support the upturn.

Anticipation of a cutback in the government's forecast of winter wheat production also aided wheat. The figures were released after the close of trading.

Wheat finished ¾-¾ cent higher, corn unchanged to ¾ cent, soybeans were ½ cent higher to ¼ lower and lard was 7 cents higher to 3 cents a hundred pounds lower.

When it came, the government wheat forecast was even lower than the trade had expected. Trade circles were talking in terms of 110 million bushels less winter wheat than turned out last year.

The government's figure of 639 million was off 150 million from actual production a year earlier. It was down nearly 14 million from a similar forecast a month ago.

Severe drought conditions during growth and rain and floods in early harvest areas contributed to the month's loss. More rigid production controls accounted for some of the lower contrast with a year ago.

More rain fell overnight in parts of the harvest area for winter wheat, further retarding crop gathering. More moisture in the spring wheat area was welcomed, however. And, on the other hand, what fell in part of the corn and soybeans producing territory had a less cheerful reception, some farmers feeling they had enough for a while.

In export circles there were reports of 1,300,000 bushels of U. S. wheat going to Yugoslavia, one million bushels of Pacific Coast wheat to Japan, various parcels of soybeans to the continent and moderate amounts of corn to the United Kingdom.

A slight easing in the demand for soybean oil which set in the day before continued in the current session. Meal turned strong, however, the net effect on raw beans being mixed and minor.

FEAR TWENTY-ONE DEAD IN COLLISION—Two loaded oil tankers collided and burned in a fiery holocaust in the North Sea near Amsterdam, Holland. Twenty-one are feared dead. The Buccaneer, a Panamanian tanker, reported it had brought its fire under control and was picking up survivors of the Johannishus, a Swedish tanker, shown above, burning as water pours into hole in side caused by the collision.

Gear Lieutenant Mills must don before he goes aloft is spread out here. It consists of: (1) anti-G suit, (2) ventilated garment which attaches to ship's air conditioning, (3) insulated coveralls to protect him from outside temperatures, (4) watertight antixposure suit, (5) automatic parachute including oxygen bottle and timer, (6) new style underarm life preserver, (7) helmet with oxygen mask and visor which can be lowered, (8) global survival kit.

COSTLY PIGGY BANK

KINGS MOUNTAIN, N. C. (AP)—A motorist drove into a service station here and asked that his gasoline tank be taken off.

He said that every time he got gas, he had been putting the change in the tank. Lately his car had been sputtering.

Inside the "bank" was \$25.95 in half dollars, quarters, dimes, nickels and pennies. He saved only \$21.45, however, because it cost \$4.50 to have the bank emptied and put back on.

EX-POLICE CHIEF SHOT DEAD

HAVANA, Cuba (AP)—Police shot former secret police chief Jorge Agostini to death in a gun battle Thursday night. Agostini, an associate of deposed President Carlos Prío Socarras, had sneaked back into the country from exile under an assumed name.

Play Safe on the highway this week-end
Keep alert while you drive - chew gum!
Alert drivers are safe drivers. Avoid drowsiness and driving jitters. Chew gum while you're behind the wheel. Chewing helps relieve strain and tension - helps keep you feeling fresh and alert. Chew any brand you like, but chew while you drive. Naturally we recommend refreshing, delicious Wrigley's Spearmint Gum - for lively, full-bodied flavor and real, smooth chewing enjoyment!

Methodists Call For Defeat Of Universal Military Training Bill

Methodist leaders attending the annual Illinois Conference sessions here took a slap at war in a report submitted Friday by Inter-Board Council on Human Relations, stating that "every evil in the catalogue of human sinfulness is brought to bear in war," and urged defeat of a current universal military training bill.

The report, presented by Dr. E. E. Atherton, Bloomington, and Rev. Carl Hass, Mansfield, dealt with world peace, social and economic relations. It was adopted by the Conference, meeting in Annie Merner Chapel at MacMurray College.

Charity gambling also came under scathing denunciation in a report given by the Board of Social and Economic Relations. The committee recommended that church people and concerned citizens make a complaint of such conditions in their communities to law officers.

The report pointed out that most Christians agree that war cannot be considered as an instrument of justice, and that there is now no distinction between victor and vanquished.

Favor World Disarmament

The Conference commended President Eisenhower in the appointment of Harold Stassen as a special assistant to work on matters of disarmament; and further stated, "the United States should commit itself, definitely and unmistakably, to disarm in conjunction with other nations." The United Nations, as an instrument of world peace, was again pointed up in the annual report. The conference secretary was instructed to send wires to elected officials in Washington in both Senate and House, urging the defeat of the current Universal Military Training Bill HR 5297.

Rev. Joseph Albrecht, Pekin, and Rev. Robert Boley, Assumption, presented the report of the Board of Social and Economic Relations dealing with intergroup relations within the church, social and economic aspects of the ministry, and charity gambling. The Conference passed a resolution extending an invitation to the churches of the Central Jurisdiction (Negro) within the bounds of the Illinois Conference to transfer to the Illinois Conference. These churches are to be invited, if they so desire, to participate in Conference, District, sub-district and local Methodist activities, including youth activities, provided these are not available within the Central Jurisdiction.

A committee was appointed to study and recommend to the Annual Conference of 1956 a plan of minimum salary for the ministers of the Conference.

Hit Charity Gambling

In a section dealing with charity gambling, the Board of Social and Economic Relations reported that a committee had made a thorough study during this past year of the matter in many counties within the state. "Churches, veterans groups and lodges must discipline themselves; they are the most frequent offenders," said several concerned state's attorneys. Church people and concerned citizens should make a complaint to law officers. Public officials have challenged churches to have the courage to implement their convictions with regard to gambling. "Many innocent groups do not realize that public bingo, chances on cars and TV sets, and the like are both illegal and harmful. The church must take the lead in helping people to evaluate right and wrong."

Elect General Delegates

At the Thursday afternoon session of the Conference the ministerial members elected five of their six delegates to the General Conference of the Methodist Church. They are: Rev. Laren Spear, First Church, Decatur; Rev. A. Ray Grummon, First Church, Springfield; Rev. Thomas B. Lugs, treasurer, Council of World Service and Finance of the Methodist Church, Chicago; Rev. J. Dewey Muir, First Church, Canton; and Rev. Victor H. Roberts, Jacksonville District superintendent, Jacksonville.

The laymen elected three of their six delegates to General Conference. They are Mrs. LeRoy A. Pike, president of the Conference Women's Society of Christian Service, Pontiac; Mrs. Allan K. Laing, Champaign; and Charles B. Shuman, Sullivan.

During the afternoon reports of the Board of Temperance, the Board of Conference Claimants, Commission on Reserve Pension Fund, Board of Evangelism, and Board of Hospitals and Homes were given and approved by the Conference.

Hit Alcoholic Drink Ads

In the report of the Board of Temperance the Conference gave its support to "all national legislation which would prohibit advertising of beverage alcohol by means of radio, television, and press."

Rev. Claude Temple, Decatur, giving the treasurer's report of the Board of Conference Claimants, reported that \$314,647 was paid out in pension to retired ministers, widows and children of deceased ministers during the 1954-55 Conference year. The members of the Conference voted, upon recommendation of the Board of Conference Claimants, a \$46 a year annuity rate for the coming year.

Rev. J. Fred Melvin, executive director of the Methodist Ministers Reserve Pension Fund, Decatur, reported that \$955,501 of the \$1,378,013 raised in the pension campaign has been paid by the churches of the Conference. A check of \$50,000 was presented to Irvin S. Motz of Chicago, representative of the Board of Pensions of The Methodist Church, to be placed to the credit of pensions of the ministers of this Conference.

Emphasize Evangelism

The Board of Evangelism in its report recommended that the churches of the Conference set a "net gain of 10% in membership as a minimum goal for 1955-56."

The Board urged the churches to make use of every possible method in order to achieve this goal. It was further announced that Bishop Brashares be requested to assign Reverend J. Henry Cox, Champaign, to the newly established position of full time Secretary of Evangelism for the Conference. Reverend Cox then pointed out that "evangelism is not a method but a spirit."

Request Appointment

The annual report of the Directorate of Public Relations requested appointment by Bishop Brashares of Dr. Howard B. Oborn as Conference Director of Public Relations for the coming year. The report pointed out the many avenues used to bring information to the Methodist people of Illinois. The national meeting of the staff on Public Relations and Methodist Information is to be held this year at East Bay Camp, near Bloomington, in late August. Dr. J. A. Ford, Galesburg, presented the report of the Directorate.

William Hyde, manager of the Chicago branch of the Methodist Publishing House, presented the Conference with a check in the amount of \$11,213 to be turned over to the pension funds of the church.

2 CARS AND TRUCK DAMAGED IN PILE UP

Two cars and a truck were extensively damaged in a pile up near the Birdsell's Drive in Friday at 6:30 p.m.

Harry Birdsell was stopped at the intersection when a truck driven by Byron Dugger struck Birdsell from the rear, knocking him into the line of Mrs. Mildred Smith who was coming from the south.

Birdsell was taken to Our Saviour's hospital for observation and x-rays. Mrs. Smith was taken with lacerations about the head and face, and her daughter, Donna, had a cut knee. Nancy Dugger, who was riding with her father, in the truck was treated for a cut cheek and forehead.

The vehicles were towed away by Brummett's, Lukeman's and Morgan County Motors. The State Police and Sheriff's Patrol were at the scene.

MRS. E. H. WIESE'S SISTER EXPIRES

WAVERLY—Mrs. E. H. Wiese received word Friday that her sister, Miss Bernice Hill, had died in Clinton, Iowa. Miss Hill became ill on May 12. Miss Hill was living with her mother, Mrs. Charles E. Hill, in Clinton.

The funeral will be Monday in Clinton, Iowa, and interment will also be made there. Mrs. Wiese has gone to Clinton for the services.

17 NEW METHODIST MINISTERS

Bishop Charles W. Brashares of the Chicago Area of the Methodist church (seated at left) gives the charge to 17 young ministers who were received into full connection of the Illinois Conference, now holding its annual sessions at MacMurray College.

Radio Team Up Notifies Sailor Of Extended Leave

GAYS, Ill. (P)—A half-dozen radio stations in Illinois and Ohio teamed up Friday to get word to a sailor that his leave was extended.

Quartermaster third class Francis Drummond, 22, of Gays, in central Illinois, had asked for an extension of his leave from the Norfolk, Va., Navy base because his 19-year-old wife, June, is expecting their first child any time now. His leave was up Saturday.

No answer came, so Drummond departed by car for Norfolk at 5 a.m. Friday. Three hours later a telegram arrived saying the leave had been extended.

Station WLBH in Mattoon, Ill., heard about Drummond's plight and telephoned The Associated Press in Chicago, which distributed the story to Illinois radio stations.

Chicago station WLS saw it and telephoned station WKCY in Cincinnati, since Drummond was expected to travel through Ohio. WKCY telephoned several other Ohio stations. They all broadcast the story.

Drummond heard his name on the air as he was passing through Chillicothe, Ohio. He called his wife and told her he was on his way home again.

Belleville Man Found Guilty Of Tax Evasion

SPRINGFIELD, Ill. (P)—George V. Gruenewald of Belleville, former St. Clair County sheriff, was found guilty of income tax evasion Friday by U. S. District Judge Charles G. Briggie.

Gruenewald asked for probation and the case was referred to the probation officer for study.

Gruenewald waived jury trial and entered a plea of no contest against the charge that he reported \$11,000 in taxes from 1948 to 1950 when he should have reported about \$11,000.

Asst. U. S. Atty. Marks Alexander objected to the plea but Birgill said he would accept it in view of Gruenewald's age and health. He is 67 and has been ailing.

In a resume of government evidence, Alexander said Gruenewald took in \$50,000 in the three years. He said Gruenewald made statements to revenue agents about income which did not jibe with his actual business transactions and indicated evasion.

Gruenewald, a Republican, served as sheriff from 1942 to 1946 and later as a deputy sheriff.

Minimum Support On '56 Wheat, 76% Of Parity

WASHINGTON (P)—The Agriculture Department Friday announced that a minimum support price for wheat on the 1956 crop will be 76 per cent of parity compared with 82½ per cent on the 1955 crop.

Immediately following the release of the monthly crop report Friday, the department said the minimum national average support price for 1956 crop wheat will be \$1.81 cents a bushel if acreage quotas are approved in the June 25 referendum.

This compares with an average of \$2.06 for the 1955 crop.

On June 25, wheat farmers of the nation will go to the polls to see if the wheat quota system under which individual farmers are restricted to a certain acreage is to be continued in 1956.

Continuance will require a two-thirds vote of approval.

If quotas are not approved, the available support level under present legislation will be at 50 per cent of parity or about \$1.19 a bushel on the basis of present parity estimates.

LOCAL BOYS JOIN MARINES

GARY HAYES

RONNIE SPANGENBERG

Two Jacksonville youths, Gary Hayes and Ronnie Spangenberg, both members of the 1955 graduating class of the Jacksonville high school Tuesday went to St. Louis to enlist in the Marines. After passing preliminary examination the boys left by plane Thursday night from St. Louis for training at the Marine Base Boot Camp at San Diego, California.

Gary is the son of Mr. and Mrs. Raymond Hayes, 328 South Church street and Ronnie's parents are Mr. and Mrs. Russell Spangenberg, 130 Chestnut street. Friends wishing the boys addresses may contact their parents.

Local Student On TV Feature Saturday Night

A student of MacMurray College, Miss Bette Johnson, is scheduled to appear Saturday at 8 p.m. on the TV show, "Two for the Money," in New York. This is the show in which Herb Shriner is the master of ceremonies. "Two for the Money" is carried over TV Channels 4 and 7 in this area.

Miss Johnson resides at 319 North Lowe Street in Appleton, Wis. Shortly before she left for home, Miss Johnson received a long distance telephone call from officials of the New York show requesting full information which would be useful if she were chosen to appear.

On June 8th she received another telephone call advising that she had definitely been chosen.

Miss Johnson is a student assistant in the office of the Director of Public Relations at MacMurray College, and attended Appleton, Wisconsin, High School. She will be a junior next year at the College, and has been majoring in drama and taking an active part in many of the College dramatic activities.

Miss Johnson and her mother left Appleton on Friday for the New York appearance.

Steel Negotiators Begin Serious Work On Demands

PITTSBURGH (P)—CIO United Steelworkers negotiators Friday completed presentation of their case for a "substantial" pay boost to six of the nation's largest basic steel producers.

Talks with Jones & Laughlin, Youngstown Sheet & Tube and Inland Steel recessed indefinitely, marking the end of the initial phase of 1955 negotiations.

Officials of the three firms thus joined executives of U. S. Steel, Bethlehem and Republic in getting down to serious study of the USW demands. The latter heard union arguments in previous conferences.

Shortly before the first round of talks drew to a close Friday, USW president David J. McDonald went before union bargaining committees at a closed meeting to review union objectives and to sum up the negotiations to date. Union spokesmen declined to discuss what he said.

Sessions this week were devoted almost exclusively to the union's proposals. Headed by McDonald, USW committees told each company separately why they believe steelworkers should receive a healthy wage increase.

The six companies, which employ more than 400,000 of the 600,000 USW members in basic steel, may notify the union at any time that they are prepared to go back to the bargaining table.

Mrs. Myrtle Funk Dies Friday At Virginia, Ill.

VIRGINIA, Ill.—Mrs. Myrtle A. Funk, 76, widow of Henry Funk, died Friday morning at 4 o'clock at the Walker Nursing Home in Virginia.

She was the daughter of the late Charles and Mary Long.

Surviving are a daughter, Mrs. Loy Fox, Chicago; two sons, Harry Funk, Highland Park, and Victor Funk of Virginia.

Funeral services will be held Sunday afternoon at 2 o'clock in the Methodist church at Virginia with Rev. Floyd Brewer officiating.

Burial will be in Walnut Ridge cemetery.

The body is at the Massie Funeral Home where friends may call from 2 to 4 and 7 to 9 p.m. Saturday.

City's Share Of Motor Fuel Tax Over \$10,000

Jacksonville climbed into the \$10,000 class in motor fuel tax allotments during May. It was announced Friday by the Illinois revenue department. This city was credited with \$10,003 for use in permanent highway improvements, the allotment being based on bulk sales of gasoline.

Other central Illinois cities were credited with: Beardstown \$2,823; Havana \$2,033; Jerseyville \$2,689; Petersburg \$1,079; Quincy \$19,246; Springfield \$37,902.

Award Contract For Highway Building Here

A contract has been awarded due Brothers & Garry Co. of this city for the construction of a new state highway department storage building at Walnut street and Hackett avenue, the Illinois Division of Architecture & Engineering announced Friday. The bid of the local company was \$59,159.

Plans for construction of the building were announced several weeks ago. It will contain storage space for several trucks, other state highway equipment, and an office. The tract on which the storage building will be erected is located near the C. B. & Q. railroad.

Contract for similar highway department buildings at Carlinville and Wood River were awarded to the R. & R. Construction Co., Alton, for \$107,200.

Jaycees Sponsor Aug. 14 Appearance Of Circus In City

More elaborate plans were made at the regular meeting Thursday evening, June 9, at the Dunlap hotel of the Jacksonville Junior Chamber of Commerce, for its sponsoring of the King Brothers-Cole Circus coming to Jacksonville on Aug. 12th for two performances.

Following a business formalities conducted by the president, Robert Duncan, guests were presented, Brady Tremaine of Beardstown, who is state vice president of the Jaycees, and Jack Bishop, who is the advance agent for the circus. Mr. Bishop told interesting facts about the history of the show.

Pat McHaffat, chairman of the McKinley Rodeo, reported plans are being made for a big Rodeo Parade through the business district at four o'clock on Tuesday, June 14.

The state vice president, Mr. Tremaine, spoke briefly on some of the activities of the state organization.

To Honor Memory Of 'One Man Army' Of Marine Corps

CRESAPOTOWN, Md. (P)—People of Cumberland and Cresaptown are planning a unique tribute to the memory of the late "Bull" Evans, once known as the "One Man Army of the Marine Corps."

A drive for about \$1,000 has been launched to send Evans' mother, Mrs. Rosa Evans of Cresaptown, to Japan to visit Bull's widow—a Japanese girl—and his son.

The marine, a native of nearby Cumberland, earned a niche in corps history for his exploits during World War II on Bougainville, Midway, Tulagi, Makin, Guadalcanal and during the Korean fighting.

He won the bronze and silver stars, two Presidential citations and has been recommended for the Navy Cross—highest award the Navy can give and second only to the Medal of Honor.

He died, however, of a heart attack in the spring of 1954 while on a beach outing with his wife Chiyoka Matwoska and son in Japan.

The fund so far has reached \$200.

URGE CZECHS TO WORK IN FIELDS

VIENNA, Austria (P)—Czechoslovakia's Ministry of Agriculture Friday appealed to all Czech citizens to help work in the fields. Radio Prague announced help was "urgently necessary" in sugar beet fields.

Water flows over CHRISTOPHER DAM AGAIN

CHRISTOPHER, Ill. (P)—Water flowed over the Christopher Reservoir spillway Friday for the first time in seven years.

Severe restrictions on the use of water have been in force in the Franklin County town of 3,500 for the last three years of that period. Plentiful spring rains snapped an extended area drought, bringing relief to farmers and city dwellers alike.

V. F. W. NEWS

Entertainment eve y Saturday.

Meal service Fri., Sat. and Sun.

Funeral Services

Roy Edward Evans WINCHESTER—Funeral services for Roy Edward Evans will be held at 8:30 a.m. (C.D.T.) Saturday at St. Mark's Catholic Church here, with the Rev. Father J. J. Sullivan officiating. Burial will be made in St. Mark's cemetery.

Mrs. Mamie Brim VERSAILLES—Funeral services for Mrs. Mamie Brim will be held at 2:30 p.m. Sunday standard time at the Christian church. Burial will be made in the Versailles cemetery. The body is at the Tarrant funeral home.

Graveside services for Hubert J. Ferris of Long Beach, Calif., were held Thursday afternoon at the Diamond Grove cemetery with the Rev. Joseph W. Baus officiating.

Word of his death was received by Miss Katherine Barr of Jacksonville.

He was born on August 8, 1875, and was married to the former Anabel Markoe Ferris, an aunt of Miss Barr, who preceded him in death.

At the age of 16 he entered the organ business and he came to Jacksonville to work in the Brown and Bolton Music Store. During his many years in business he installed more than 1,000 organs with organs in every state and Hawaii. He became instructor in the August Laukhuf Organ Co. in Weikersheim, Germany, introducing the Electric action in organs in the German factory.

Mr. Ferris is survived by two daughters and one son in California.

Recommendations On Water Projects Go To Congress

WASHINGTON (P)—Appropriation of 464 million dollars for water projects was recommended to Congress today by the House Appropriations committee.

This represented a cut of 48 million dollars from the budget recommendations of President Eisenhower and a reduction of 15 million below similar appropriations last year.

The recommended appropriations for flood control, navigation, beach erosion and hydroelectric projects include (budget recommendations shown in parentheses are different):

Illinois — Beardstown \$800,000; Clear Creek Drainage and Levee District \$600,000; Degonia and fountain bluff Levee district \$420,000; East St. Louis and vicinity \$1,000,000 (\$1,285,000); Grand Tower Drainage District \$250,000; Calumet - Sag Channel \$4,000,000; Mississippi River between Missouri River and Minneapolis rectification of damages, \$70,000; Preston Drainage District \$260,000; Wilson, Wenkel and Prairie Du Pont Levee District \$465,000; Wood River Drainage District \$700,000.

Planning funds — \$3,653,000 to include Alton, Carlyle reservoir.

U. S. Grants New Tariff Concession To Switzerland

WASHINGTON (P)—The United States has granted new tariff concessions to Switzerland to compensate for American action in increasing duty rates on foreign watches and watch movements.

At the same time it has agreed to lower some tariffs on exports important to Canada and Belgium to offset congressional moves in boosting duties on fishsticks and rubber soled shoes.

The new agreement with Switzerland, negotiated during conferences which ended Wednesday, will affect some \$8,100,000 worth of annual Swiss shipments to the United States. Lower rates were agreed upon for Swiss hatbraids, some handkerchiefs, motion picture cameras and parts, embroidery, measuring and timing devices, surveying instruments, some knit underwear and specified coal-tar derivatives.

Reductions in American duties ranged from 12½ to 50 per cent on most of the items involved, with the average reduction amounting to 44 per cent of present rates.

Switzerland had demanded the new cuts to compensate for the Eisenhower administration's move in doubling the duty on watch and watch movement imports. This hike was decided upon the grounds it was necessary to prevent serious injury to the American watch industry.

Switzerland shipped an average of 57 million dollars of watches and movements into the United States annually until the new rates went into effect.

To meet Canada's objections, the United States reduced rates on some pickled and salted herring and fresh and frozen crab meat.

Belgium received lower duties on eggs, except chicken eggs, and cotton goods not specifically covered in other agreements.

FIRE HOUSE CLOSED

NEW ORLEANS (P)—When garbage collector Clarence Eckelmann's truck caught fire Thursday he stepped on the gas and drove to the nearest fire house.

But he found it was closed for repairs. He telephoned for firemen to put out the blaze.

ATOMIC SPEED UP

COPENHAGEN, Denmark (P)—Denmark announced today the United States and Britain have pledged to help speed up her atomic program.

CONGRATULATIONS FROM IRE BEST GRADUATION GIFT

DAYTON, Ohio (P)—Dale Mote 18, thought his graduation from Brookville High School was important enough to tell President Eisenhower.

So Dale sent like an announcement. Thursday he received a letter from the White House in which the Eisenhower's offered their congratulations. "It was the best graduation gift of all," said Dale, who starts working for the United States next Monday—in naval boot training.

Graveside Rites Held Here For Hubert C. Ferris

Graveside services for Hubert J. Ferris of Long Beach, Calif., were held Thursday afternoon at the Diamond Grove cemetery with the Rev. Joseph W. Baus officiating.

Word of his death was received by Miss Katherine Barr of Jacksonville.

He was born on August 8, 1875, and was married to the former Anabel Markoe Ferris, an aunt of Miss Barr, who preceded him in death.

At the age of 16 he entered the organ business and he came to Jacksonville to work in the Brown and Bolton Music Store. During his many years in business he installed more than 1,000 organs with organs in every state and Hawaii. He became instructor in the August Laukhuf Organ Co. in Weikersheim, Germany, introducing the Electric action in organs in the German factory.

Mr. Ferris is survived by two daughters and one son in California.

Will Free Sheik's Son From Jail To Fly To Iraq Home

MARION, Ill. (P)—The son of a titled Baghdad, Iraq, sheik today awaited his release from Williamson County Jail and a fast plane trip home.

Atty. John Lannin of Carbondale said an \$18,000 bond for 23-year-old Salem Al-Jaryan had been arranged and that the former Southern Illinois University student would be freed this afternoon.

Al-Jaryan had been held a week on five charges including assault with intent to kill his former wife. The reportedly wealthy Iraq visitor married while attending agricultural classes at SIU.

He was arrested Saturday at the Stonefort home of his former wife, Helen Gurley, who charged Al-Jaryan beat her and her mother after entering the house through a window screen.

The Department of Immigration Tuesday ordered Al-Jaryan out of the country by June 30 for failure to maintain grades and attend classes at the university.

State's Atty. Carl Sneed said charges against Al-Jaryan would not be prosecuted if he obeyed the immigration order.

Lannin said a plane reservation to Iraq had been secured for Al-Jary
